

**Safety
and
Health
Week**

**May
5-11
2019**

WHAT CAN YOU DO TO ENGAGE YOUR WORKFORCE?

Safety and Health Week focuses employers, employees, partners and the public on the importance of preventing injury and illness in the workplace, at home, and in the community.

Promote Safety and Health Week through articles, your newsletter, and social media channels. Don't forget to use the #SafetyandHealthWeek hashtag.

Launch a recognition program for safety suggestions that are put into use or enhance ongoing safety and health practices.

Conduct training sessions, or host a Threads of Life Speaker who can deliver a powerful and moving personal message for your audience.

Hold a film festival of the Youth Video Contest winning entries at your workplace.

Partner with suppliers and community health and safety organizations to set up specific safety demonstrations, focused on safe work habits for employees.

Invite school classes to tour your operations, highlighting basic safety features and the importance of working safely.

Hold an OHS Townhall to communicate important OHS information, such as annual OHS performance with leading and lagging indicators.

Provide OHS seminars or webinars over lunch or break periods.

THIS YEAR, CELEBRATE **SAFETY AND HEALTH** **WEEK!**
